

FRAC SAND STORAGE BINS

FRAC SAND BINS

PROJECT CAPACITY: 10,000 TONS | 12 SCAFCO BINS

SCAFCO frac sand storage streamlines the process of handling hydraulic fracturing sand, commonly known as frac sand. SCAFCO storage bins and conveying systems feature an advanced, custom engineered design that allows for clean, dry frac sand to be loaded onto rail or truck at up to 1,000 tons per hour. Whether for storage at the quarry, the transfer facility, or at the final site, SCAFCO's sand storage and conveying systems will exceed speed, quality and durability expectations.

With a convenient bolt-together design, our bins are made for easy on-site installation by one of SCAFCO's authorized dealers. With over 55 years of storage success, SCAFCO will custom-create a bin system tailored to suit your needs.

BUCKET ELEVATORS

DURABLE, LONG LASTING QUALITY

SCAFCO Bucket Elevators have corrosion-resistant G-115 (350 grams/m² zinc) galvanized coating, giving a durable, long-lasting finish. Each system is designed and engineered to meet specific commercial and industrial requirements, as well as to be fast and efficient for all stages of material handling.

QUALITY PRODUCTS BY SCAFCO

CONVEYORS

**MAXIMIZE PERFORMANCE,
REDUCE OPERATING COSTS**

SCAFCO conveyors offer many features to help maximize performance and reduce operating costs. Each conveyor features heavy duty all-bolted galvanized steel construction with easy access to all vital components. Custom sizes available up to 1,000 tons per hour.

COMPLETE SYSTEMS FOR STORAGE AND HANDLING

AGGREGATE STORAGE

**ADVANCED, SPACE SAVER,
CUSTOM ENGINEERED**

Aggregate Storage Bins are a great solution to projects that require economical, space saving storage for construction aggregate and other mineral materials. Aggregate Bins can be used as a cost-effective solution for storage of raw material for foundries, silica sand storage, concrete batch plants, ore from mines, or as a simple solution for sand and rock storage where space is at a premium.

In addition to these quality products, SCAFCO offers a full line of Flat Bottom and Hopper Bottom Bins, Fans and Aeration Systems, and accessories. For more information, contact SCAFCO or visit us online.
