

TEMPORARY GROUND STORAGE

Provided by SCAFCO since 1987

For over six decades, SCAFCO has understood how important it is for you to have a cost effective way to increase your storage capacity.

BUILT FOR LIFE™ MEANS STANDING STRONG.

Easy Assembly

- Bolt-together assembly and pre-assembled options
- 12", 18", and 24" perforated pipe along with SCAFCO axial or centrifugal fans for your complete aeration needs

Storage Flexibility

- Customized to fit your needs in round or oval configurations
- Capacities up to 1.5 million bushels
- 1 or 2 sheet tall bunker walls in 3'6" and 7'3" wall heights

Long Lasting

- 2 2/3" narrow corrugated walls for superior strength
- G115 coated steel and all-galvanized support frames
- Standard and fully-perforated walls available
